

BOOLEAN SEARCH TECHNIQUES

AND

Used when you wish to find a result that carries a combination of items. IE: Burger AND fries

OR

Used when you wish to find a result that carries either of the items you need. IE: Burger OR fries

NOT

Used when you wish to see one thing but NOT the other. IE: Burger NOT fries

“ ”

Used when you need two words to appear as one and not separate. IE: "french fries"

*

Used when you need to search for a "root" word such as admin*-this will result in: admin, administrator, administration

{ }

Used to separate phrases such as: (Programmer OR Developer AND (Ohio OR Florida))
